 [info@ram-global.org](mailto:info@ram-global.org)

# WELCOME

*Our Goal:*

***We RAM-Global collaborate with Rotary clubs, Rotary districts and the Rotary Foundation to support group members in creating and delivering service projects in malaria elimination, to contribute to global malaria eradication.***

## ABOUT US

We are 1.2 million Rotarians worldwide in most countries focused on "Service Above Self"

RAM-Global builds on the relationships, reputation and infrastructure created for the PolioPlus campaigns, known now as The Rotary Model, being used to eliminate vaccinable diseases worldwide.

For many many years Rotary Malaria projects have been carried out by Rotary groups such as:

Rotarian Malaria Partners (RMP) from Seattle.

RAM-PNG a Club in Port Moresby, Papua New Guinea A Principle Recipient from The Global Fund for Many years

Rotary Clubs of Nigeria numerous projects in 22 communities in Nigeria

Innumerable individual clubs all around earth delivering projects in numerous countries across Africa, South America and Asia

# ABOUT US

The ultimate goal is to eradicate malaria from the face of the earth. The intermediate goal is to reduce malaria morbidity and mortality in each country quickly and efficiently through provision of goods, education and other interventions that lower malaria, thus to set the stage for rapid dissemination of the eventual malaria vaccine.

The purpose of the Rotarian Action Groups (RAGs) is to acquaint Rotarians, groups of Rotarians, Rotaractors and spouses interested in the malaria problem with one another to promote and increase control of malaria. In addition, the Rotarians Against Malaria Global (hereafter RAM-Global) promotes fellowship, understanding and acquaintance of Rotarians; Rotaractors worldwide with the larger world of individuals, groups, governments and institutions who share a common interest in malaria elimination. Finally, RAM-Global seeks to enhance the effectiveness of models for delivering solutions for Malaria elimination and ultimately eradication.

History RAM-Global builds on the relationships, reputation and infrastructure created for the PolioPlus campaigns, known now as The Rotary Model, being used to eliminate vaccinable diseases worldwide.

# ACTIONS EXAMPLES

RMP have run Zambia 1 recruiting and training 300 Community Health workers in Zambia which resulted in a 90% reduction in Malaria in the deployed areas. This is being followed up by Zambia 1a for a further 200 CHWs and Zambia 2 for a further 1,025 CHWs each with a responsibility of 500 people. Effectively providing 762,500 people with services to reduce Malaria.

Funds raised are multiplied and matched by the Rotary Foundation and the Bill & Melinda Gates Foundation making this over USD 1 million project.

**Training Community Health Workers focused on Malaria reduction and elimination**

**Providing equipment and running IRS projects**

**Providing and Distributing RDTs**

**Providing and Distributing LLINs**

**Providing Fogging**

# ACTIONS EXAMPLES

Another example... is that Papua New Guinea had a Global Fund Un-Funded requirement

RAM Australia with Rotarian Australia World Community Service (RAWCS) agreed to raise the USD 12 Million needed over a 5 year period. It was for Papua New Guinea, Vanuatu, Solomon Islands and Timor Leste.

At the Global Fund Replenishment last October, because of this Rotarian action by RAWCS-RAM DFID committed to an additional USD 24 million for Malaria projects... And because of this... Asia Development Bank committed to USD 25 million for Malaria in these 4 locations.

From a Global Fund Unfunded Requirement to an additional USD 61 million for Malaria

# Rotarian Malaria Symposium

**Fri, June 5, 2020**  
**9:00 AM – 3:00 PM HST**

**Pagoda Honolulu Hotel**  
**1525 Rycroft Street**  
**Honolulu, HI 96814**

# SHOWCASE

# **ACTION** WHAT CAN YOU DO?

**Someone said to me at the last conference that Rotary is one of the best kept secrets in the Malaria world.**

**I encourage you to contact Rotarians in your countries that you know or have heard of.**

**The objective is to is for them to join RAM-Global to ensure we build our network to gain greater visibility.**

# HOW TO BECOME A MEMBER?

VISIT OUR WEBSITE

[www.ram-global.org](http://www.ram-global.org)

# BECOME A MEMBER

## MEMBER

- ✓ View our members directory
- ✓ Receipt of regular newsletter via email
- ✓ Notification of significant events or updates on world issues

**FREE**

## SUPPORTING MEMBER

- ✓ List + Contacts of supporting members
- ✓ Technical data and reports from projects
- ✓ Discount on registration to seminars
- ✓ 1 Vote right at Annual General meeting
- ✓ Discount on annual membership if club is registered as a member
- ✓ Minutes of the Board and AGM meetings
- ✓ Eligibility to serve on the BOD

**\$25/y**

## ROTARY CLUB MEMBERSHIP

- ✓ All supporting members features +
- ✓ Voting rights at Annual General meeting – (2 votes say)
- ✓ Discount on annual membership for club members to \$10 **\$100/y**

# THANK YOU
