# Country representation in 14<sup>th</sup> VCWG Annual Meeting, 2019

# Objectives of RBM Vector Control Working Group

Is to support the implementation of Vector Control Guidance generated by WHO and to harmonise and galvanise efforts towards malaria elimination targets

**This Meeting helps to achieve that through:**

(a unique blend of constituencies helps to achieve that)

**2. Information dissemination** (eg. Updates from RBM, WHO and others to the VCWG Community)

**3. Aligning constituencies on challenges faced in malaria vector control**

(And contributing towards evidence creation)

**4. Networking** – a unique concentration of interested parties in this room
