
RBM Vector Control Working Group

2012 Annual Meeting

Lessons Learned and the Way Forward

Geneva, 6 February 2012

Lessons Learned and the Way Forward

Where we were

Where we are

Big events of 2011

How we address

How we adapt

An Expanding Partnership

**Working Group on Insecticidal Nets
(WIN)
2003 - 2010**

**Vector Control
Working Group
(VCWG)
2010 -**

VCWG Annual Meeting February 2012

VCWG Reconstituted February 2010

Specific Objectives:

- **Facilitate** consensus
- **Synthesize** evidence and share best practices
- **Identify** challenges
- **Promote** public-private Partnerships
- **Maintain** effective linkages

Work streams 2011

Resistance

IRS

LN
Durability

LN Continuous
Distribution

Integrated Vector
Management

Big Events in 2011

- **Resistance**
- **Financing**
- **Limits of current IRS and LNs**

How we address:

Outdoor
Transmission

Resistance

**Larval Source
Management**

**Optimizing
Evidence**

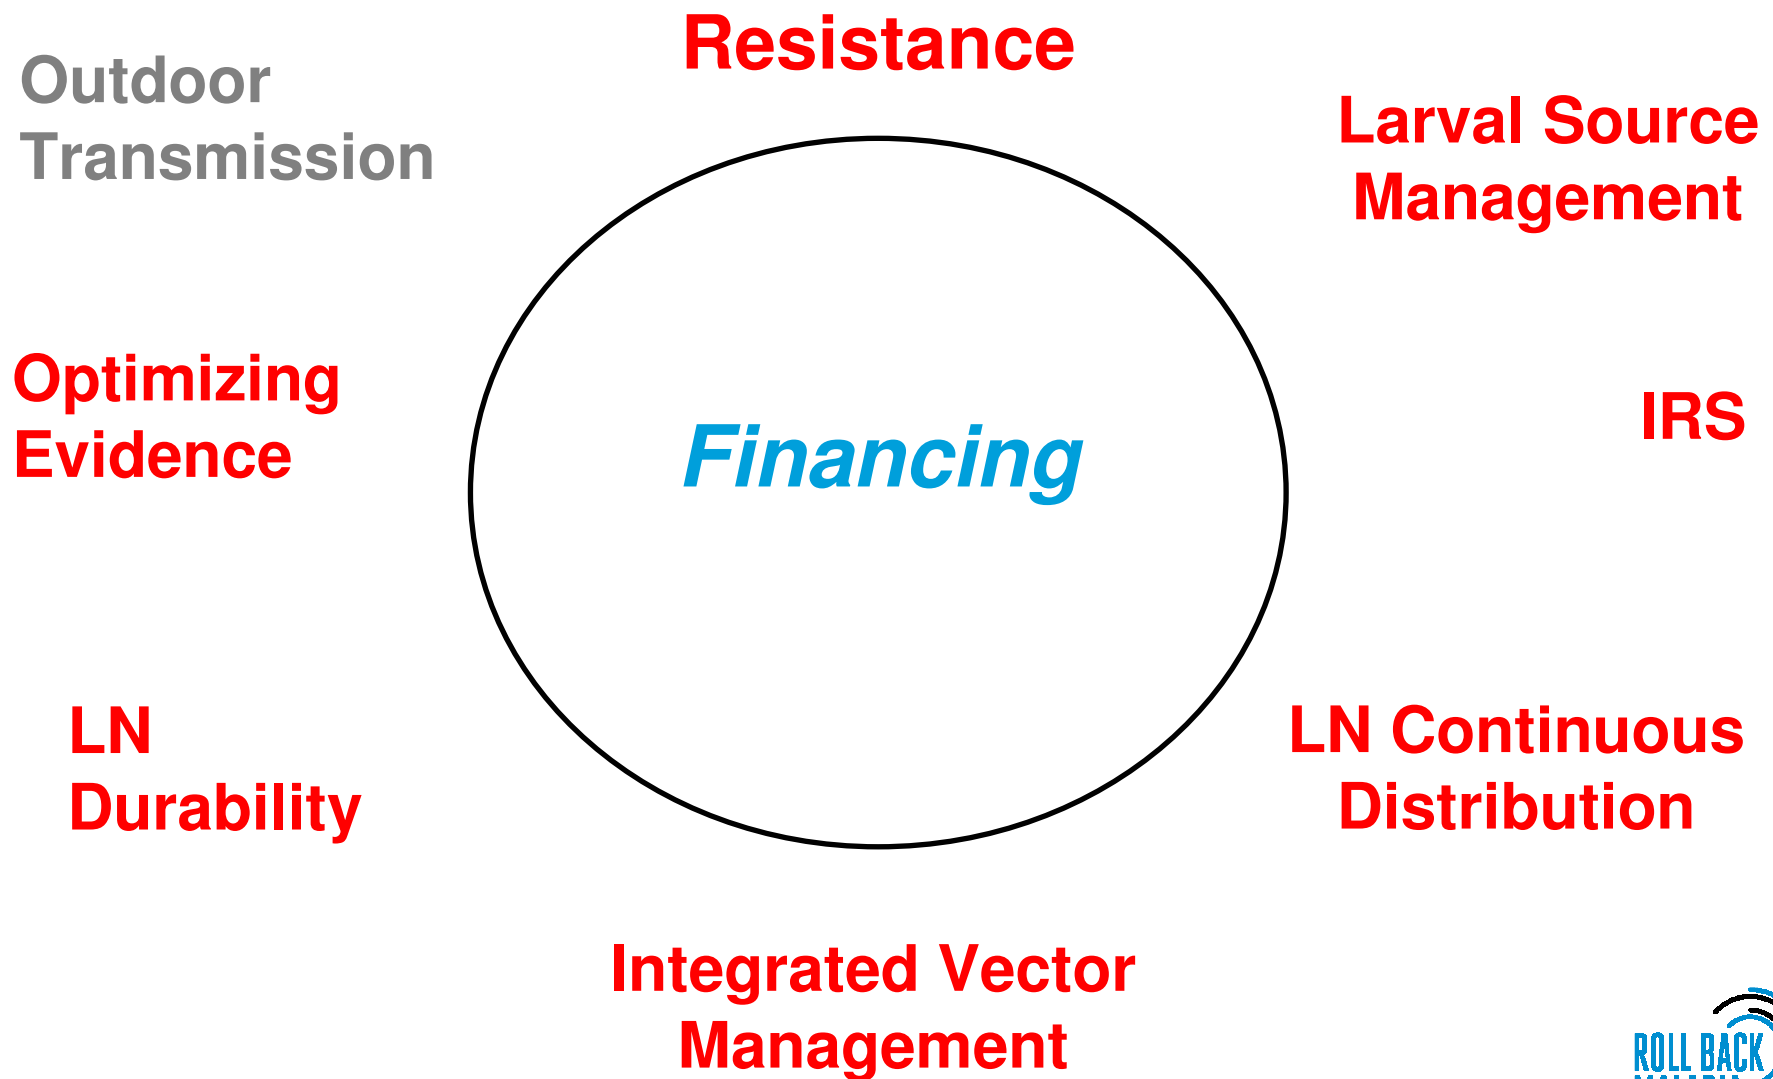

IRS

LN
Durability

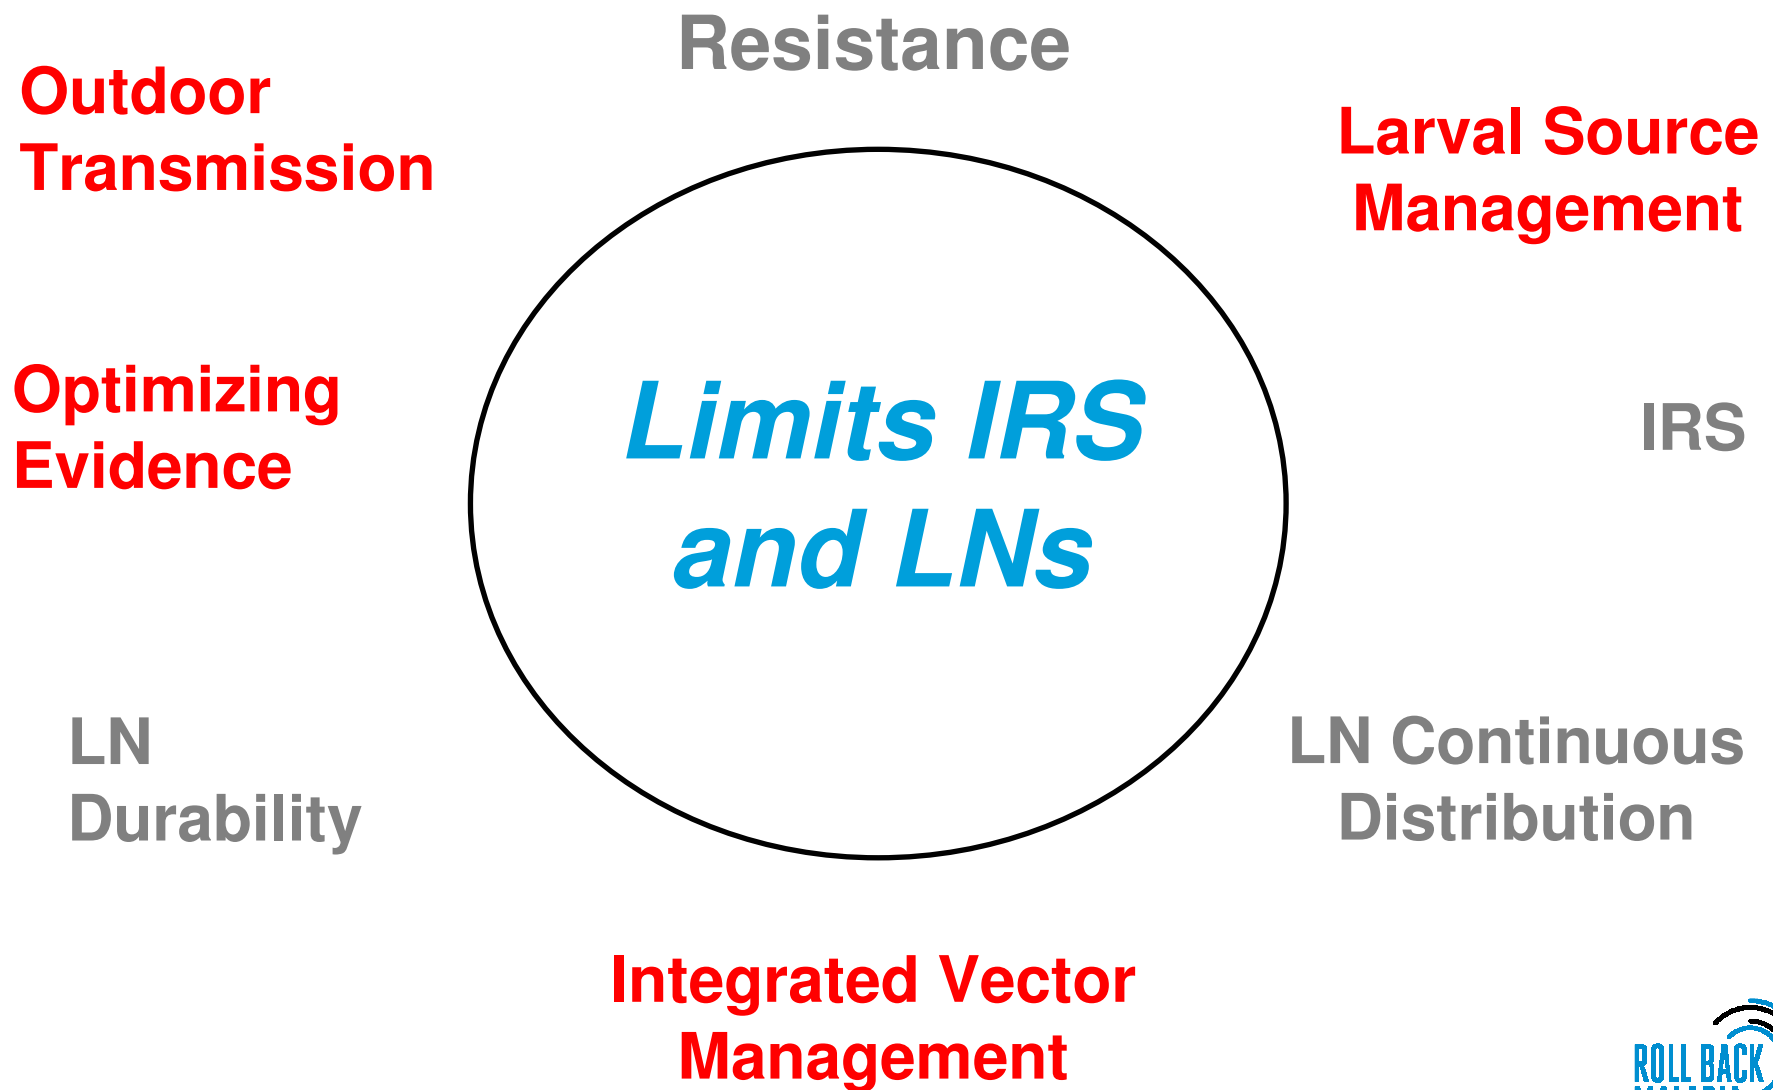

LN Continuous
Distribution

**Integrated Vector
Management**

How we address:

How we address:

How we adapt:

- **Suggestions ?**
- **Improve communications**
- **Re-align within and between work streams**
- **More aggressive funding for WS products**
