

3rd LLIN Priorities Work Stream meeting

Wednesday 7 February 2018
Room St Exupéry/Garros
10:00 – 13:00

Co-leaders: Hannah Koenker & Lena Lorenz
Rapporteur: Vanessa Chen-Hussey

Agenda		
Time	Title	Speaker
10:00 – 10:05	Introduction	Hannah Koenker Lena Lorenz
Durability monitoring		
10:05 – 10:20	Pooled analysis of LLIN durability monitoring studies: what is the effectiveness (in controlling malaria) of a mass distributed cohort of LLINs over time and where can the greatest gains be made?	Olivier Briët
10:20 - 10:35	LaHoSA-Location adjusted Hole Surface Area: method for estimating the functional effectiveness of LLIN under operational conditions	Sarah Moore
10:35 - 10:50	The importance of differentiating between LLIN durability and LLIN serviceability	Jim Sutcliffe, postponed to Webinar on March 5, 2018
10:50 - 11:10	Discussion	
ITN distribution/NGLLIN		
11:10 - 11:25	Cost and cost-effectiveness of LLIN distribution strategies in Sub-Saharan Africa	Josh Yukich
11:25 - 11:40	Effectiveness of a long-lasting PBO treated insecticidal net and indoor residual spray interventions, separately and together, against malaria transmitted by pyrethroid resistant mosquitoes: a community randomised trial	Natacha Protopopoff
11:40 - 12:00	Discussion	
12:00 - 12:15	WHO Prequalification Team - Vector Control	Dominic Schuler
12:15 - 13:00	Discussion / Work Plan development	
13:00	End of meeting
