

AMFm, Kenyan Experience

Case Management Working Group
Presentation, 28th July 2011

Dr Andrew Nyandigisi

Background

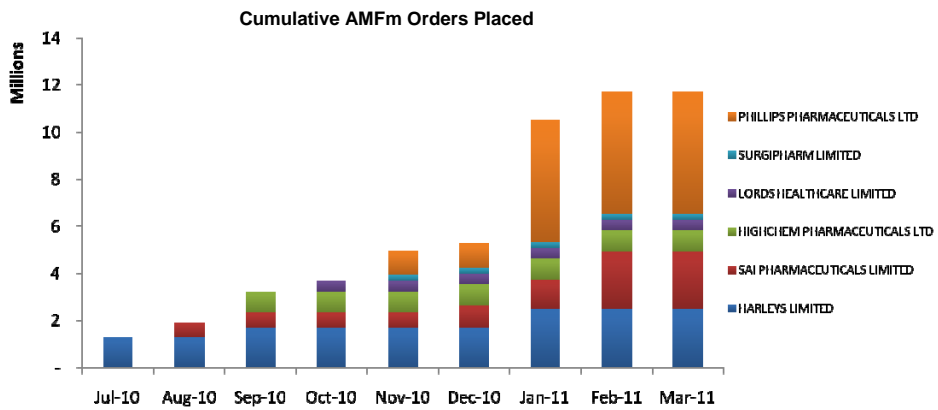

AMFm Progress Update

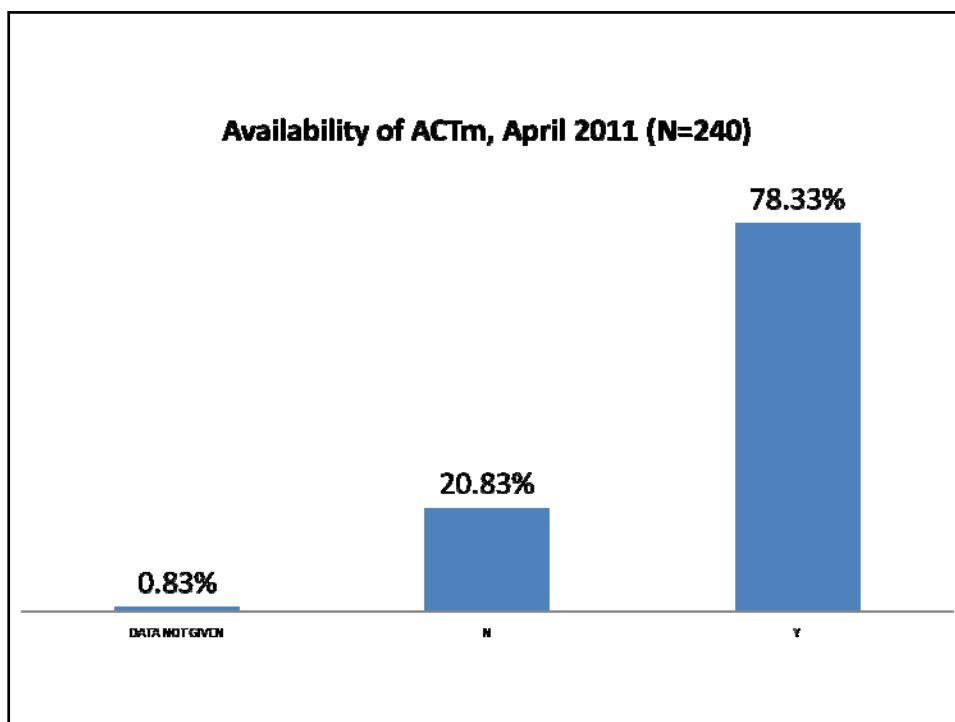

AMFm ACT Orders Placed by First Line Buyers in Kenya

As at March 29, 2011

Order Status Summary
 First line buyers – 6
 Total orders – 13 Million (8 million received)

Market Pricing (Kshs)

ACTm	No. of Sampled Antimalarials	Average Retail Price	Max Retail Price	Min Retail Price	Average Wholesale Price
No	866.0	246.6	3250.0	5.0	185.5
Yes	330.0	49.4	350.0	8.0	28.6
Grand Total	1196.0	191.3	3250.0	5.0	141.7

Challenges

- Full price adherence yet to be achieved
- Delayed fund disbursement; procurement delays
- Proliferation of unregistered chemists; Training targeting challenges
- Staggered training funds

Lessons learnt

- Partnerships are important in filling gaps
- Keep private sector informed and involved
- Involve professional associations
- Local manufacturers??
- Alignment of AMFm work plan to funds disbursement
