

AGENDA

Objectives of the 14th Annual RBM VCWG Meeting

To provide a platform for the malaria vector control community to exchange on latest best practices and research relevant to current and future malaria vector control operations. Plenary sessions complement the activities of the dedicated Work Streams who focus on their work plans, ratify the main projects and present the next steps and way forward. The work plan activities are funded by Partners and coordinated by the Work Stream co-leaders and the co-chairs of the Working Group.

Wednesday 30 January 2019 Day 1 Room Lindbergh/Morane		
7:30 - 8:30	Arrivals, registrations & welcome coffee, tea, fruit juices, croissant
