## RBM Working Groups

Dr. Konstantina Boutsika

# Governance Overview

The new governance model provides a number of specific opportunities and avenues for engagement, including the new Partner Committees and the continuation of Working Groups

# Working Groups

- Partnership Working Groups are established to convene and coordinate Partnership members around a defined technical intervention area to facilitate learning and share best practices
- Self financing and self-convening
- Work is aligned with, and complements, that of WHO
- There are currently 6 accredited RBM Working Groups:

**1**

Social and Behaviour Change Communication Working Group (SBCC WG)

**2**

Case Management Working Group (CMWG)

**3**

Monitoring and Evaluation Reference Group(MERG)

**4**

Malaria in Pregnancy Working Group (MiPWG)

**5**

Vector Control Working Group (VCWG)

**6**

Multi Sectoral Working Group (MSWG)

The screenshot shows a web browser displaying the endmalaria.org website. The address bar shows the URL: <https://endmalaria.org/about-us/governance/working-groups>. The page header features the RBM Partnership To End Malaria logo and navigation links: About us, About malaria, Our work, Resources, News & Events, and Take action. A search icon and a Partner Portal button are also present. The main content area has a breadcrumb trail: About us » Governance » Working Groups, followed by the heading Working Groups. A paragraph states: Managed and led by Partners, Working Groups provide venues for Partners to share information and collaborate on specialized topics. Below this are three featured working groups, each with a representative image and a brief description:
