RBM Partnership Strategic Plan 2021–2025
RBM Partnership Strategic Plan 2018-2020

**Strategic Objective 1**
Keep malaria high on the political and development agenda to ensure continued commitment and investment.

**Cross-cutting Strategic Objective**
Build a high-performing Secretariat.

**Strategic Objective 2**
Promote and support regional approaches to the fight against malaria, anchored in existing political and economic platforms such as regional economic communities, including in complex/humanitarian settings.

**Strategic Objective 3**
Increase the financing envelope for malaria.
Key achievements

- Resilience in the face of a global pandemic
- Building support to sustain the fight against malaria
- Aligning strategies and accelerating action to end malaria
Resilience in the face of COVID-19

Potential cancellations of campaigns

2020 was scheduled to be a major year for LLIN campaigns, with 30 campaigns scheduled, and nearly all risking cancellation in March due to COVID-related disruptions to the health workforce and unclear safety guidance.

Supply chain disruptions

Lockdowns in supplier countries, changing priorities of manufacturers, and disruptions to the global supply chain increased the risk of shortages of ACTs, RDTs, PPE, and other essential commodities.

Shifting global attention

COVID-19 decimated economies and dominated headlines. Resources have become limited, while malaria risked being deprioritized by governments.
Resilience in the face of COVID-19

Campaigns back on track
- Over 95% of LLIN campaigns have been rolled out. IRS, SMC also on track.
- Technical assistance provided to 56 countries in 2020, as well as to ECCAS and WAHO.
- Guidance on COVID-safe malaria campaigns developed and mainstreamed through WHO working groups.

Supply chain crises averted
- All major stockouts of ACTs and RDTs largely averted due to quick responses and coordination.
- Improved tracking of commodity stocks and fast, innovative responses.

High-level advocacy
- Messaging on the need to continue the malaria fight during the pandemic.
- Outreach to Ministers, Development Banks and Heads of State to ensure malaria commitments were maintained.
- Malaria highlighted at major advocacy convenings, ensuring calls to action were heard by world leaders.
Resolve Implementation Bottlenecks

Support enabled countries to remain on track and distribute

170 million nets by end 2020 and

>20 million children protected through SMC

Support has mitigated against the impact of COVID-19 by helping to address stock outs and upsurges.
RBM/CRSPC provided support to 49 countries in the Global Fund malaria funding request development process including:

- international consultants (41 countries)
- local meeting support for country dialogue and local consultants (27 countries)
- Country peer reviews through mock TRPs and expert review of the proposals (47 countries)
- Finalizing background documents such as national strategic plans and programme reviews

All the countries supported were able to submit their funding requests on Schedule

49 Countries

$3 billion

secured for malaria programmes for the next 3 years

Africa 40
Asia Pacific 7
Latin America 2
Vision
A world free from the burden of malaria

Mission
To convene and coordinate an inclusive, multisectoral response to control, eliminate and ultimately eradicate malaria

Principle
Ending malaria is central to achieving UHC, global health security, poverty reduction and reducing inequalities
Strategic Objectives

- Optimize the quality and effectiveness of country and regional programming
- Maximize levels of financing
- Facilitate the deployment and scale-up of new products, techniques or implementation strategies
Strategy framework 2021–2025

Strategic Objectives

Cross-cutting Strategic Enablers

Mission
To convene and coordinate an inclusive, multisectoral response to control, eliminate and ultimately eradicate malaria.
Innovation

Strategic Objective 3: Facilitate the deployment and scale-up of new products, techniques or implementation strategies

3.1 Promote and support the inclusion of new interventions in the design and delivery of programmes

3.2 Foster peer learning and knowledge Exchange to facilitate deployment and scale-up of new products, techniques or implementation strategies
Data for decision-making

**Strategic Enabler 1:** Global data-sharing and use for high-level decision-making through the Global Malaria Dashboard

**Strategic Action 1.2:** Support countries in the use of real-time subnational data in planning, implementation and monitoring.
Strategic advocacy

**Strategic Enabler 3:** Targeted Advocacy and communications

**Strategic Objective 2:** Maximize levels of financing
Partnership enhancement

Strategic Enabler 2: Effective partnerships

Strengthening the partnership through intentional mapping and partner engagement.
Implementing the new strategy

• Detailed strategy implementation planning that builds on the 2021–2025 Strategy

• Activities drawn from Strategy and articulated with greater granularity

• Coordinated by Secretariat and Partner Committees

• Bring further focus and prioritization while adjusting to evolving context

• Continuous review and refinement to enhance delivery
