SMERG UPDATE

Médoune Ndiop
NMCP Senegal, MERG Co-Chair
Change of Name and Leadership

• MERG is now officially Surveillance, Monitoring and Evaluation Reference Group (SMERG)
  ▪ The name change has been prompted to emphasize on surveillance, which is now a core intervention.
  ▪ SMERG will work with all its partners to implement the Surveillance components in collaboration with WHO/GMP
• RBM/SMERG leadership
  ▪ Arantxa Roca (Malaria Consortium), as a co-Chair, transition out of the position and has been replaced by Molly Robertson (PATH, US) who will be working with Medoune Ndiop (NMCP, Senegal), the second co-Chair.
Surveillance Practice and Data Quality

- Surveillance practice and data quality committee (SP&DQ) was created under SMERG to focus on surveillance
- Arantxa Roca, former SMERG co-Chair, will lead this Committee funded by the Bill Gates Foundation.
- Purpose of the committee:
  - To improve the visibility of surveillance and data quality improvement initiatives and to streamline global coordination of surveillance-related efforts.
Surveillance Practice and Data Quality (Cont.)

• Specific objectives:
  ▪ Disseminate through SMERG, information on implementing partners’ current use of surveillance operational tools, and improve implementation and partner coordination relating to their use and uptake.
  ▪ Dynamically monitor initiatives and the implementation of associated tools and practices and provide updates to the SMERG whenever necessary.
  ▪ Document pros and cons of monitoring and data quality tools and activities, as well as lessons learned from their implementation through SMERG Secretariat.
  ▪ Identify, the operational surveillance priorities of the National Malaria Control Programmes (NMCPs) through the SMERG Secretariat to further support the uptake and adaptation of the tools.

• Hosted a meeting on RBM SMERG SP&DQ Committee Informative Session to introduce the committee to SMERG members.
• Currently developing the Terms of reference for the committee.

NMCP Needs Assessment Survey

• Survey Objective
  ▪ To get a better understanding of the malaria surveillance, monitoring and evaluation needs at a country program level
  ▪ To obtain recommendations from NMCPs on helpful and needed tools
  ▪ To better understand how the SMERG can address needs of NMCPs

• Preliminary result was presented during the 31st SMERG meeting in September 2020 (slides are accessible at Link)

• Planning for a follow up meeting for further discussion on way forward.
  ▪ Date: Tuesday, 2nd March 2021
Achievements Related to COVID-19

• Hosted series of webinars in 2020 in English, French and Portuguese with members to orientate them on the guidance document-The recordings for these webinars can be found at the following links:
