Case Management Working Group Update

CMWG Co-Chairs, Elizabeth Juma & Larry Barat

Case Management Working Group

Purpose

The Case Management Working Group aims to minimize wasteful duplication, maximize synergies, and encourage harmonization and pooling of efforts for faster uptake and scale up of malaria case management strategies and interventions

Vector Control Working Group (VCWG) Terms of Reference, revised in April 2018.

Case Management Working Group

Main Objectives

- The main objectives of this group mirror the functions of the RBM partnership
 - **Convene: Provide a forum** for the dissemination of the normative and policy-setting guidelines of WHO and for sharing best practices for adaptation and implementation by international and country-level partners
 - **Support the scale up and implementation** of policies and strategies to ensure universal coverage and access to quality malaria case management in endemic countries
 - **Coordinate: Align and facilitate** collaboration between partners to avoid duplication and inefficiencies; sharing experiences and best practices; and identification of challenges or bottlenecks for discussion by the working group

Case Management Working Group Structure

- ❑ One of the RBM Working Groups
- ❑ Elected co-chairs (2018):
 - *Elizabeth Juma (WHO AFRO)*
 - *Larry Barat (USAID/PMI)*
- ❑ Coordinator: Konstantina Boutsika (Swiss TPH)
- ❑ The CMWG abolished open mandate workstreams in favour of Task Forces focused on delivery of specific work products

There are six RBM Working Groups on case management, malaria in pregnancy, vector control, monitoring & evaluation, social and behavior change communication and multi-sectoral action

Case Management Working Group

10th Annual meeting 6-8 February 2019

- ❑ 63 participants from 23 countries, representing 5 WHO regions (AFRO, PAHO, EURO, EMRO, WPRO)
- ❑ All constituencies were represented
 - 33% affected-country participation
- ❑ Sponsorship of affected country participants
 - Swiss Agency for Development and Cooperation (SDC) supported 18 participants
 - SDC also sponsored secretariat and partially meeting venue
- ❑ Meeting registration fee for members (from 2020)

Case Management Working Group

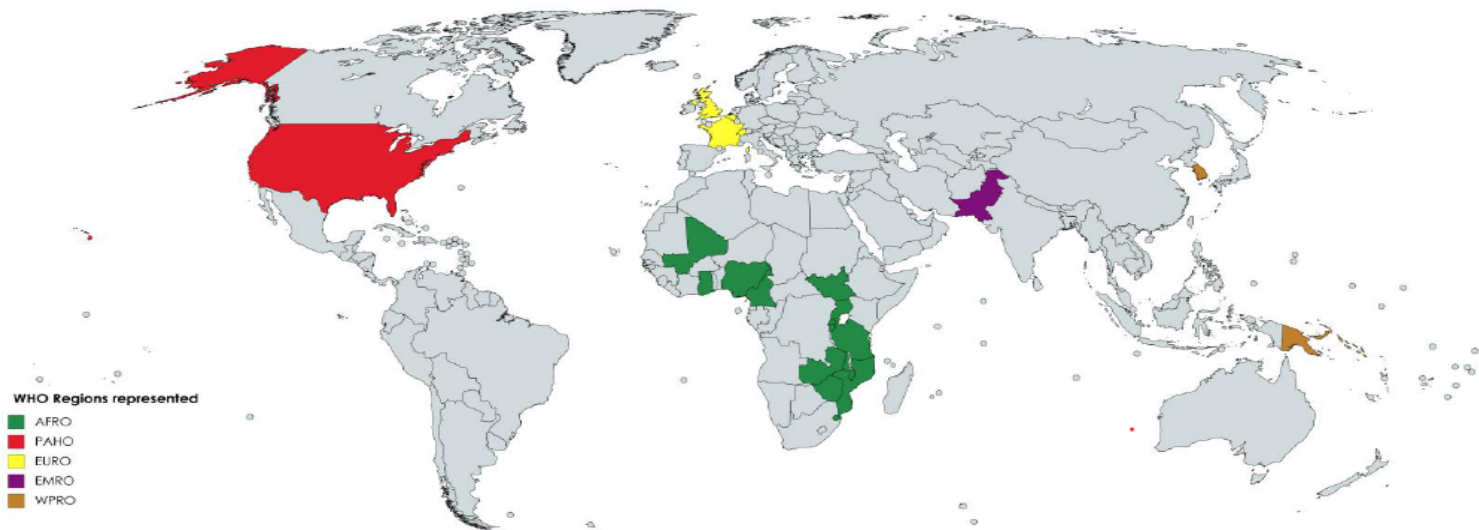

10th Annual meeting outcomes

Short term priority deliverables for 2019 identified were:

1. Development and sharing of tools and best practices
 - *Compile and disseminate existing tools for achieving quality in case management*
 - *Identify and document lessons learnt from success stories in malaria service delivery around the world for dissemination*
 - *Develop a plan for sharing tools to improve supply chain management for malaria commodities*
 - *Update CMWG webpage to link to resources, partners contacts, partner activity map and project resource pages*
2. Advocacy at both global and country level (concept memo to BMGF)
3. Coordination with other working groups and committees
