

# Group Work

# Responsibilities

1. Convene	2- . Coordinate	3-Mobilise resources	4. Facilitate communication
<p>The MSWG convenes members with a shared interest in the multi-sectoral action.</p>	<p>The MSWG coordinates the work of the individual members to ensure <b>that each member's efforts are aligned with those of the others, duplication and inefficiencies are avoided</b>, collaboration between members is facilitated, and common challenges are addressed co-operatively.</p>	<ol style="list-style-type: none"> <li>1. Identify resources needed to achieve its objectives.</li> <li>1. Create a compelling humanitarian and business case to support the mobilization of these resources.</li> <li>2. Support members in the mobilisation process to be able to deliver the MSWG workplan.</li> </ol>	<ol style="list-style-type: none"> <li>1. Develop systems and tools to conduct national appraisal of malaria determinants and inequalities.</li> <li>2. Promote the development of national multi-sectoral malaria action plans</li> <li>3. Promote 'malaria-smart' innovative approaches to apply multi-sectoral interventions at large scale for sustainable impact on malaria.</li> <li>4. Develop the framework for monitoring the implementation of multi-sectoral malaria action plans at different levels.</li> </ol>

# 2019 Workplan

Meetings so far:  
1st on Oct.2018-inception  
2nd on Feb 2019

## Top Ten Priority List of MSWG activities

1. Formulate a Consensus Statement for the MSWG
2. Brief messages for specific audiences (two- to four-page briefing notes, policy or technology/tool oriented; aimed at stakeholder groups at different levels)
3. Promote strategy development for private sector engagement
4. Recommend revision of the WHO Manual on Environmental Management for Vector Control, with special reference to malaria (WHO Offset publication 66, 1984)
5. Design and implement mechanism to generate feed-back to the MSWG
6. Make Multi-sectoral Action for the Elimination of Malaria the 2020 World Malaria Day theme
7. Develop a strategy to invite key speakers from other sectors to the MSWG meetings
8. Update the Multi-sectoral Action Framework
9. Organize information disseminations events (stand-alone, at relevant conferences)
10. Promote mapping of relevant non-health sector stakeholders by country

# Group work

1. Consensus statement structure : audience; call to action; components
2. Documentation and sharing experience: how? On what?
3. Work streams-taskforces-projects
4. Coordination and collaboration with other Working Groups (prioritization)-technical assistance
5. work plan for the next 12 months

## **Expected outcomes**

1. Guidance note on opportunities for coordination and collaboration with other Working Groups
2. A work plan for the next 12 months
3. MSWG technical assistance plan and business case
4. Agreement on the business issues
5. Report of the meeting
